Followed this thread off the SEIU website.

Announced the launch of fixthechamber.org as a watchdog site for changetowin.org

Changetowin.org was established by former SEIU President Andy Stern.

Remember fixthechamber.org was established by a senior researcher from the Benenson Group, Michael Gehrke. Michael was very involved in Obama's 2008 online success.

Changetowin key leadership from most of the major unions (UFCWU, IBT, SEIU, UFWA).

The tie here seems pretty clear. I will focus on VR.
