

WHEREIN EMPTYWHEEL GETS SHRILL

Boy, what a weird news day. Which press conference do you think will get all the coverage on the news? Obama on Wright, or Mr. Irrelevant on the economy?

I'm just about to go fetch mr. emptywheel and set off on my Haggis and Beamish pilgrimage. So I thought I'd leave you with a link to my appearance on MI's Off the Record last week. Tim Skubick said the calls in response have been mixed—some people find this show wonderfully, um, lively. (And on that note, there's some debate about how many times I said "pissed." Three? Six? Pissed ... it's the new bitter.) Others found it altogether **too** lively for PBS.

Please behave nicely for bmaz while I'm on my pilgrimage.
