

# WEALTHY ELITES AND BLOWJOBS

I haven't seen this part of the Shadow Broker files get mentioned. The files themselves are addressed to, "!!! Attention government sponsors of cyber warfare and those who profit from it !!!!" with a description of the auction for further files (which most people believe to be fake).

But at the end of the Pastebin file from them, they include this rant.

We have final message for "Wealthy Elites". We know what is wealthy but what is Elites? Elites is making laws protect self and friends, lie and fuck other peoples. Elites is breaking laws, regular peoples go to jail, life ruin, family ruin, but not Elites. Elites is breaking laws, many peoples know Elites guilty, Elites call top friends at law enforcement and government agencies, offer bribes, make promise future handjobs, (but no blowjobs). Elites top friends announce, no law broken, no crime commit. Reporters (not call journalist) make living say write only nice things about Elites, convince dumb cattle, is just politics, everything is awesome, check out our ads and our prostitutes. Then Elites runs for president. Why run for president when already control country like dictatorship? What this have do with fun Cyber Weapons Auction? We want make sure Wealthy Elite recognizes the danger cyber weapons, this message, our auction, poses to their wealth and control. Let us spell out for Elites. Your wealth and control depends on electronic data. You see what "Equation Group" can do. You see what cryptolockers and stuxnet can do. You

see free files we give for free. You see attacks on banks and SWIFT in news. Maybe there is Equation Group version of cryptolocker+stuxnet for banks and financial systems? If Equation Group lose control of cyber weapons, who else lose or find cyber weapons? If electronic data go bye bye where leave Wealthy Elites? Maybe with dumb cattle? "Do you feel in charge?" Wealthy Elites, you send bitcoins, you bid in auction, maybe big advantage for you?

Ostenisbly, the rant serves to warn that if such tools get out, people might target banks and financial systems, specifically mentioning the hacks on SWIFT (not to mention suggesting that if the other claimed files get out someone might target finance).

Along the way it includes a reference to elites having their top friends announcing "no law broken, no crime commit." And right before it, this: "make promise future handjobs, (but no blowjobs)."

Maybe I'm acutely sensitive to mentions of blowjobs, especially those received by Bill Clinton, for reasons that are obvious to most of you. But the reference to handjobs but no blowjobs in the immediate proximity of getting off of a crime followed closely by a reference to running for President seems like an oblique reference to the Clintons.

If so, it would place this leak more closely in line with the structure of the other leaks targeting Hillary.

That's in no way dispositive, but the blowjobs references does merit mentioning.
