

THREAD: HOUSE INTELLIGENCE COMMITTEE HEARING ON SPECIAL COUNSEL'S REPORT

This post is dedicated to the House Permanent Select Committee on Intelligence hearing already underway; it began at 9:00 a.m. EDT. I will add content here going forward.

Topic of today's hearing: Lessons from the Mueller Report: Counterintelligence Implications of Volume 1 (Open)

Panelists:

Stephanie Douglas – 23-year FBI veteran, former Executive Assistant Director of the National Security Branch

Robert Anderson – 21-year FBI veteran, former executive assistant director of the Criminal, Cyber, Response and Services Branch

Andrew McCarthy – former Assistant United States Attorney

Not certain why this hearing isn't airing on C-SPAN since it's in the schedule.

You can follow the hearing via live tweet stream from Courthouse News' Brandi Buchman (click on the link at the date to open the thread):

McCarthy says while Mueller report show agents of Putin's regime expressed support for Trump's candidacy, that is consistent with his motivation to spread dissent, Russia's M.O. throughout the world.

EDIT – 10:25 a.m. –

Because there's no feed on the HPSCI meeting
I've got the House Oversight hearing on right
now. I am bloody sick of assholes like Mark
Meadows and Jim Jordan talking (in Jordan's
case, yelling) over the chair Elijah Cummings in
their desperation to stop this hearing.

It's not just bullying in an effort to protect
their orange liege in the White House but
outright racism.

They're voting right now and I'm so pissed off I
don't even no what they're voting on.

EDIT – 10:45 a.m. –

The Moscow Project also has a [live tweet thread](#)
covering the HPSCI hearing; the site has been
inserting relevant supporting content along the
way.

Over at the House Oversight Committee hearing,
Jim Jordan is YELLING yet again about not being
able to add a racist and unconstitutional
question to the U.S. Census. “Why are we here?”

BECAUSE RACISM, that's why; the GOP can't win
elections without relying on denying

marginalized citizens their vote. Read the Constitution, knuckledragger. Take a breath once in a while during your racist filibustering. And get a sports jacket.

I suppose this is where I'd better make sure anyone reading this doesn't mistake it for Marcy's work. Check the byline as always.

EDIT – 10:56 a.m. –

Ugh. House Oversight Committee hearing probably deserved a thread of its own but then I'd be giving real estate to these whiny white men like Rep. Jody Hice droning on and on that all efforts have not been exhausted (after a year of multiple requests in multiple forms, mind you) and that the majority is rushing this process.

FINALLY. Alexandria Ocasio-Cortez brings the heat. She's noting the constitutionally-mandated nature of the Census and asking why the question about citizenship was added. This is the video capture you're going to want to view later.

EDIT – 11:28 a.m. –

Rep. Rankin's turn to YELL on behalf of the House Dems. I feel his pain; I'm yelling at the television about these GOP jackasses doing their utmost to prevent accountability on this Census question. They really, REALLY don't want to go into this issue at all, aiding and abetting a cover-up going all the way to the White House.

Another cover-up, mind you.
