

DOJ ADMITS JEFFREY JENSEN'S TEAM ADDED ERRONEOUS DATE TO PETER STRZOK'S NOTES, ASKS FOR MULLIGAN

In a filing in the Mike Flynn case, DOJ has explained why an erroneous date was added to Peter Strzok's notes from what DOJ has already submitted evidence happened on January 5, 2017.

In response to the Court and counsel's questions, the government has learned that, during the review of the Strzok notes, FBI agents assigned to the EDMO review placed a single yellow sticky note on each page of the Strzok notes with estimated dates (the notes themselves are undated). Those two sticky notes were inadvertently not removed when the notes were scanned by FBI Headquarters, before they were forwarded to our office for production. The government has also confirmed with Mr. Goelman and can represent that the content of the notes was not otherwise altered.

Similarly, the government has learned that, at some point during the review of the McCabe notes, someone placed a blue "flag" with clear adhesive to the McCabe notes with an estimated date (the notes themselves are also undated). Again, the flag was inadvertently not removed when the notes were scanned by FBI Headquarters, before they were forwarded to our office for production. Again, the content of the notes was not otherwise altered.

Along with the filing, they've included the three exhibits they added dates to (there's a

third where they added a date in a redaction covering over something that could be a date), asking that they be replaced.

DOJ offered no explanation about why they added an erroneous date that they've provided proof they know is erroneous to a filing that they had previously submitted without the erroneous date. Nor have they explained why this erroneous date range differs from the previous erroneous date range they gave to Sidney Powell that she used to launch an attack on Joe Biden.

I guess they're hoping that Judge Sullivan was too tired after the long hearing last week to notice that that erroneous date had been worked into an attack by President Trump on Joe Biden just hours after the hearing.

Whatever they're hoping, they've now admitted that Jeffrey Jensen's team is either unbelievably incompetent, hasn't read the evidence they claim they used to convince Billy Barr to dismiss the case, or simply tampering with the evidence to set up attacks from Sidney Powell and Donald Trump.
