This is a working post and thread dedicated to the introductory material of the final report prepared by the House Select Committee to Investigate the January 6th Attack on the United States Capitol.

Under the terms of its authorization, the House January 6 committee's 18-month investigation into the attack on the U.S. Capitol must culminate in a report, specifically:

... issue a final report to the House containing such findings, conclusions, and recommendations for corrective measures described in subsection (c) as it may deem necessary. ...

The report is not yet complete; after it has been submitted the committee will disband within 30 days.
