

BREAKING FROM FOX NEWS: TRUMP CHEATED ... AND HE STILL COULDN'T BEAT JOE BIDEN

Rupert Murdoch, in a sworn deposition as part of Dominion's lawsuit against Fox, confessed that he helped Donald Trump cheat during the 2020 election. He provided Jared Kushner confidential information about Joe Biden's ads, the kind of information that Trump had to rely on Russian spies to obtain from Hillary in 2016.

During Trump's campaign, Rupert provided Trump's son-in-law and senior advisor, Jared Kushner, with Fox confidential information about Biden's ads, along with debate strategy. Ex.600, R.Murdoch 210:6-9; 213:17-20; Ex.603 (providing Kushner a preview of Biden's ads before they were public).

On January 5, Rupert and Suzanne Scott talked about having their top opinion shows, in concert, admit the truth: The election is over. Joe Biden won. The claim that the election was stolen was nothing but a Trump myth.

On January 5, Rupert and Scott discussed whether Hannity, Carlson, and Ingraham should say some version of "The election is over and Joe Biden won." Ex.277. He hoped those words "would go a long way to stop the Trump myth that the election stolen. Id;Ex.600, R.Murdoch 258:5-14.

But Scott didn't want to do that publicly, because she wanted to avoid pissing off viewers.

Scott told Rupert that privately they are all there but we need to be careful about using the shows and pissing off

the viewers . Ex.277. So nobody made a statement.

The next day, her pissed off viewers attacked the Capitol.

And all the while, while Fox News assisted Trump's efforts to weaponize a mass of angry Fox and InfoWars viewers, Rupert Murdoch knew that he had – personally! – helped Trump cheat and it *still* wasn't enough for Trump to beat Joe Biden.

Again, I highly encourage you to take the time to read this. It's another devastating indictment of the propaganda network run by Rupert.

Because, ultimately, when Rupert is forced to answer questions under oath, it becomes clear the extent to which Fox was covering up what a loser (Rupert knows that) Trump is.
