

ON JANUARY 19, 2022, SCOTUS UPHELD JUDGE TANYA CHUTKAN'S DECISION REJECTING TRUMP'S EXECUTIVE PRIVILEGE CLAIMS

For 463 days after the Supreme Court upheld Judge Tanya Chutkan's opinion on Executive Privilege, Donald Trump kept making such claims to stall the DOJ investigation. Trump caused at least nine months of delay in witness testimony with such frivolous Executive Privilege invocations.

PROTECTION RACKET: DONALD TRUMP THINKS HE'S MORE SPECIAL THAN STEVE BANNON

Donald Trump thinks he is so much more special than Steve Bannon, he needs a more special protective order than his former aide.

PROTECTIVE ORDER: WHO IS THE VICTIM OF

TRUMP'S 18 USC 241 CHARGE?

One interesting question raised by Trump's threats against those prosecuting him is whether Joe Biden is included among the victims of the 18 USC 241 count charged against Trump.

THE \$40 MILLION, ER, THE UNLIMITED SLUSH FUND MAN

Trump's campaign finance looks a lot like his corporate finance. And his criminal exposure is now part of what he's selling.

DAVID WEISS IS WRECKING THE RIGHT WING STORY (AND LIKELY SANDBAGGING HUNTER BIDEN)

The Statement of Offense written as part of Hunter Biden's plea deal looks like it was written not for the tax charges to which he was pleading guilty, but to the FARA charges Biden thought would be off the table with this deal. And it sure looks like this "plea deal" was an attempt to sheepdip the entire prosecution to get Hunter Biden to clean the taint himself.

COVER-UP: JOSEPH ZIEGLER PROVIDED A DIFFERENT EXPLANATION WHY HUNTER BIDEN WASN'T CHARGED

In its supine effort to magnify Republican scandal, the press is covering up the details from Joseph Ziegler's testimony that revealed there were legal problems with the case, including Trump's own attempts to influence it.

SOMETHING HAPPENED TO OUR PLANET

Something happened to our planet, and it was us. The upshot is that it is getting insane. People yammer about how hot it is currently in Phoenix. It has always been thus, but it no longer

cools off at night. The high temperatures are not the problem so much as the the overall heating. Including that the cool off at night no

longer happens.

Climate change and heat sinking.

But, together, they really do matter. A lot.
Both can be minimized if humans are not stupid.
Do not count on that happening. Because humans
are stupid.

But the kids today, and their kids, will make
the future. They can make a difference in their
own schools and communities. Starting now.

This is book for kids. But a really helpful,
and useful, one.

Many, if not most, of the people that frequent
here won't be around in fifty years to see how
it all goes, but you can school up those next
generations. This book can help. It is a great
starting point.

As an adviso, the author is a friend and
relative of mine. But I would not recommend it
if I did not truly believe in her and her work.

“SUPER:” THE DAY AFTER IRS GOT A WARRANT FOR THE HUNTER BIDEN LAPTOP, DOJ SENT BILL BARR A LAPTOP

The day after the IRS first obtained a warrant
for a laptop once owned by Hunter Biden, DOJ
sent Bill Barr – who was micromanaging the
Durham investigation at the time – a laptop.

CHUCK GRASSLEY MUST THINK THE FD-1023 INFORMANT IS WORTH KILLING OFF

That Chuck Grassley released an almost unredacted FD-1023 after dire warnings from the FBI is a tell. If you want to pursue the allegation, you do everything you can to protect the FD-1023 and the informant. If you want to fuel a controversy, you release the FD-1023, even at the risk of getting the informant killed.

MAY 20, 2024: AILEEN CANNON'S STILL NOT TOTALLY UNREASONABLE ORDER

Aileen Cannon has set a May 20, 2024 trial date for the former President. So his primary season will be dominated first by rape, then by attempts to cover up payments to sex workers, and only then stolen classified records.
