

JAMES COMER'S SECOND IMPEACHMENT HEARING MORE OF A CIRCUS THAN THE FIRST

The House Oversight and Judiciary Committees are attempting to hold split screen mark-up meetings to hold Hunter Biden in contempt.

It was going to be a shit-show in any case. Between the two committees, Jim Jordan, Andy Biggs, and Scott Perry all blew off January 6 Committee subpoenas. Ranking Member of the Oversight Committee, Jamie Raskin explained what Perry had done in advance of January 6 as Perry visibly seethed.

Neither Chair – Jordan or Comer – keep their committees in order. Comer in particular has problems keeping Majorie Taylor Greene from doing really outrageous things (Jordan doesn't make the same efforts to keep Matt Gaetz in line on HJC). Indeed, she attempted to submit something into evidence that led to a halt of the hearing as staffers from both sides discussed whether whatever she had on placards could properly come in; they did not.

One after another Democrat used their turn to focus on the emoluments report they recently released, with Republicans dedicating much of their time trying to explain away that Trump was on the take of China *during* his presidency, while Comer desperately tried to tie a 2017 or 2018 payment from CEFC to Hunter Biden to his father, after Biden left government.

Every public hearing is going to continue to be like this – testament not just that Donald Trump has done what Republicans have found no evidence showing Biden has – but also showing that rather than government, or funding government, Republicans continue to sniff Hunter Biden’s dick pics.

Democratic Representative Robert Garcia even said that, dick pics, in the hearing.

This is the face Donald Trump has demanded that House Republicans show to the American people.

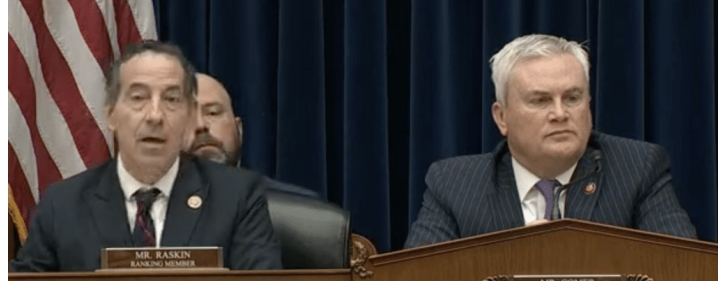

And then, to make it worse, Hunter Biden showed up himself, with Abbe Lowell in tow.

Nancy Mace immediately accused Hunter of having no balls, because it’s never a House Oversight hearing without Hunter’s genitalia being the

central issue.

Comer failed to find a way to get CSPAN to stop tracking how Hunter and his attorney were responding. He similarly was helpless to prevent CSPAN showing his miserable face as Raskin made point after point.

Jared Moskowitz asked for a show of hands of Republicans who wanted to just question Hunter right then and there. Until – as soon as MTG first spoke, they all got up and walked out of the room.

Before the Committees broke for votes, Raskin was taking to calling his colleagues cult members, doing the bidding of Donald Trump.

This is the face of the Republican House. That's what Donald Trump is demanding will be the face of the Republican House.
