

POS BFB IN DA' HOUSE: BE WATER, MY FRIEND

[NB: check the byline, thanks. /~Rayne]

"Dripping water hollows out stone, not
through force but through persistence."
— Ovid

"A river cuts through rock, not because
of its power, but because of its
persistence."
— James N. Watkins

I said empty your mind, be formless,
shapeless, like water.
Now you put water into a cup it becomes
the cup.
You put water into a bottle it becomes
the bottle.
You put it into a teapot it becomes the
teapot.
Now water can flow, or it can crash.
Be water, my friend.
— Bruce Lee

After passing in the Senate yesterday, the POS
big fugly bill is back in the House for
reconciliation where the Senate version is
struggling to pull together adequate support for
passage across the GOP caucus.

The Freedom Caucus in particular is unhappy with
the \$3.3 trillion increase to the deficit over
the next decade this POS legislation represents.

Trump and J.D. Vance have been calling all the
intransigent GOP members trying to coerce their
support for the bill, threatening them with
primaries.

No word whether Elon Musk and/or his America PAC
have been making similar calls offering campaign
contributions in exchange for their NO votes.

The situation is fluid. It could change rapidly.

You, too, need to be fluid and make like water.

Be persistent. Keep calling your representative and let them know you want them to vote NO on this wretched bill.

Remind them, too, they are part of a co-equal branch of government and should not bow to another branch – especially a branch which is supposed to “shall take Care that the Laws be faithfully executed,” not order other branches around.
