

PROSECUTION TANKS IN TOOBZ STEVENS TRIAL

Ted Stevens has been sitting in the courtroom of Judge Emmet Sullivan in the E. Barrett Prettyman Federal Courthouse in DC since jury selection began on September 22. This morning the excrement hit the fan. Big time. Stevens' attorney, Brendan Suyllivan, has moved for dismissal of the charges against Stevens, and he just may get it. The prosecution has screwed the pooch in a fundamental and intentional way.
