

I CON THE RECORD TRANSPARENCY BINGO (4): HOW 151 MILLION CALL EVENTS CAN LOOK REASONABLE BUT IS BESIDES THE POINT

The I Con the Record Transparency Report revealed that NSA sucked in 151 call event records last year. That seems eye popping, but may not be in context. That said, it is eye popping when you consider these are mostly the edge cases, many of the telecom records will come from E0 12333 collection.
