

REALLY BIG GIRL

Yeah,
she
was
that
and
everyt
hing.
RBG
became
a
thing,

not just in hip hop, but popular culture.

And she earned every ounce of it.

I once knew Sandra Day. Was she as much of a hero, especially to progressives that I would rather associate with? Nope.

But RBG came to be the successor, and a beyond awesome one. She set the scene. The scene that now lets Sotomayor and Kagan be on the court.

But, now, what? McConnell and Trump have laid clear their intentions. When evil jackasses tell you who they are, believe them.

RBG did not make it to the final lap. But you can. Know what is at stake, and get off your ass. The one thing the Democrats have never taken seriously enough is courts and judicial policy. I have been screaming this forever. So has Dahlia Lithwick.

It is time for better attention to be paid.

FRANKS A LOT

The warrant issue, whether FISC or Title III, was always about far more than Carter Page. And it bleeds into state courts as well when, as in a recent case NY turns Roviario and Franks on

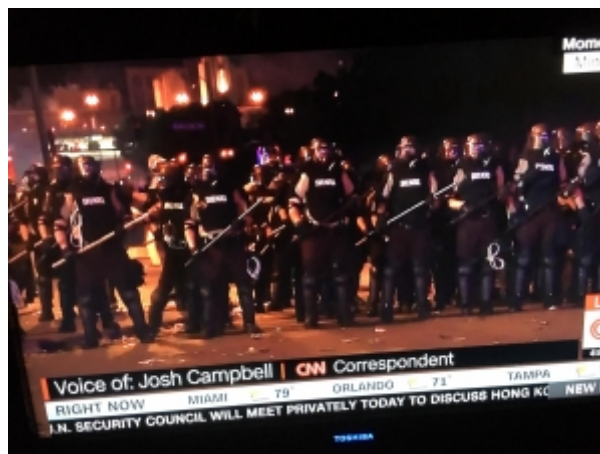

their heads.

MAYBE TRUMP REALLY IS NEVER GOING TO LEAVE

Tim Wirth and Tom Rogers lay out a frightening, and convincing, scenario where Trump plans to remain in the Presidency irrespective of how badly he loses to Biden.

TRUMP'S AMERICA: RACISM, IMPERIOUS POLICE AND CNN UNDER ARREST IN MINNEAPOLIS

There is a surreal situation going down in Minneapolis. The

CNN crew covering it was literally arrested on live air. Not all of them understand you, just the reporter, Oscar Jimenez, that was a minority, the white correspondent a few feet away was, of course, not. The stormtroopers, and, yes that is exactly what they look and are

acting like, were totally polite to the white guy.

And then they arrested the CNN camera guy documenting the bizarre arrest of the correspondent. While doing so, the camera was on the ground, still live, documenting it all for posterity. You could then see the camera being dragged off by a state trooper, still on and broadcasting. As I said, surreal.

When last seen the CNN camera was still on and broadcasting from a black space that appears to be the trunk of a police car. I guess the camera, though hostage to thugs, at least is alive and does not have a knee on its neck.

As they say, the situation is developing....

Wait, there is an update! The camera is now in an elevator, and still live!

Oh, and what could have fomented all this? Yeah, The American President:

JUDGE EMMET SULLIVAN MAKES A SERIOUS HOLIDAY MOVE ON DOJ AND FLYNN

I have expressed some qualms over Judge Sullivan naming John Gleeson as the court's amicus on the crazy Flynn situation. But today there is a new player on the pitch, Beth Wilkinson.

Judge Sullivan has engaged a hired gun.

Folks need to understand the Yoda like move Emmet Sullivan made in hiring Beth Wilkinson.

First off, she is an absolutely fantastic advocate and tough as hell.

Second, she has serious DOJ cred.

Third, she still has major friends at Paul Weiss, and that counts below the surface.

Fourth, Brett Kavanaugh may well owe his Supreme Court seat to her.

Fifth, her husband is David Gregory, the former NBC guy and now senior political guy at CNN. That is some media contact potential whether direct or indirect.

Also, again, she is really kick ass. Beth Wilkinson is a serious player, and a killer advocate. Judge Emmet Sullivan is not going quietly into the night. I actually thought that, given the short response time the DC Circuit ordered, Sullivan and his clerks might do the response themselves. Obviously they will still have major input, but this battle is joined, and in a very big way.

TRUMP PRIDE AND DOJ PREJUDICE: THE FLYNN VOLUME

The irreducible minimum is that Judge Emmet Sullivan is the one with jurisdiction and control of this case. Not Trump. Not Barr. An honest and good judge, and one that has proven that over decades. Sidney Powell was right about one, and only one, thing: The Stevens case is a template for the court to find the truth.

ROGER GETS STONED BY AMY BERMAN JACKSON

Roger Stone and his lawyers were not as crazy as Flynn and Sid Powell, but they were not far off. Now there is a court opinion evidencing exactly that.

A FEW THOUGHTS ON CARTER PAGE WARRANTS, FRANKS V. DELAWARE AND MICHAEL HOROWITZ

The thought that the Page affidavits would not stand up under the mere ex-parte probable cause standard of Franks is ridiculous. Of course they

would have.

WILL ROGERS WAS RIGHT ABOUT THE DEMOCRATS

Here
are a
couple
of
quotes
from
the
inesti
mable
Will

Rogers. They were made so long ago, and are still so spot on correct:

"I'm not a member of any organized political party.... I'm a Democrat."

"Democrats never agree on anything, that's why they're Democrats. If they agreed with each other, they'd be Republicans."

Both are still so evidently true. Watching this morning's "impeachment hearing" makes me want to puke. It is one of the most incompetent shit

shows in history. The House Democrats, as led by Nancy Pelosi, and in this case Jerry Nadler too, could not legally litigate or argue their way out of a thin and wet paper sack. It is seriously pathetic and embarrassing.

Daniel Goldman is a tad better than Nadler and Barry Berke were, but the format is still ludicrous.

Probably we should talk about Hunter Biden more. Because members of corporate boards are NEVER hired for their names as opposed to expertise. Maybe cross-reference Theranos, but whatever.

Pelosi and Nadler have turned impeachment into such a craven shit and clown show that it is unbearable.
