

TWO OTHER TRUMP TWEET INNOVATIONS: “FRAUDULENT ACTIVITIES” AND “CONFLICTS OF INTEREST”

In addition to attacking Robert Mueller by name over the last few days, Trump also used two new terms to describe Mueller’s investigation: “fraudulent activities” and “conflicts of interest.” As always, Trump’s projections serve as a perfect mirror of himself.

FACEBOOK CUTS OFF CAMBRIDGE ANALYTICA, PROMISES FURTHER INVESTIGATION

The news that Facebook has finally cut Cambridge Analytica off from its data is far more momentous, in my opinion, than the firing of Andrew McCabe. Here’s why.

ON MCCABE’S FIRING

My initial thoughts on the McCabe firing.

10 YEARS OUT: WHAT'S WITH THE BEAR IN THE MIDDLE?

Ten years ago this week Bear Stearns crashed. It was a surprise to see Bear Stearns' name pop up in the middle of recent HPSCI testimony. Ditto seeing Trump linked to Bear Stearns' bond financing before the 2008 crash. Have we learned nothing?

BREAKING! ROBERT MUELLER WOULD BE FUCKING STUPID IF HE DIDN'T SUBPOENA TRUMP ORGANIZATION

In the latest edition of MAKING BREAKING CLICKBAIT OUT OF NORMAL DEVELOPMENTS, the NYT has reported that Robert Mueller subpoenaed the Trump Organization.

THE NEW RUSSIAN HACK SANCTIONS

We appear to have identified two new people associated with GRU's hacking information, even if the most recent intelligence we admit to having on one dates to the days of the election

hack.

SOME COVER-UPS ARE MORE EQUAL THAN OTHER COVER-UPS

The same people outraged over HPSCI's laughable cover-up of Trump's dalliance with Russia have themselves been participants in the cover-up of torture.

LORDY, THERE WERE TAPES

In their memo laying out what HPSCI didn't investigate, the Democrats suggest there were recordings of Trump's meetings with Jim Comey, but they got destroyed, and that there's still a memo memorializing what happened.

WHY DO YOU SEND YOUR DIGITAL GUY TO MEET WITH THE RUSSIAN AMBASSADOR?

The House Intelligence Democrats' report on the things not studied in the Russia hints that Jared Kushner sent the campaign's digital guy to go meet with Sergey Kislyak a month after the

election.

WELCOME TO THE SENATE FOREIGN RELATIONS COMMITTEE, MR. POMPEO — THE LATEST COMMITTEE TO HAVE REASON TO INVESTIGATE RUSSIA!

House Intelligence Republicans yesterday made asses of themselves in an attempt to get Russian investigations off the front page. But by nominating Pompeo to be Secretary of State, Trump just gave an entirely different committee, one far more hawkish on Russia issues, reason to start a new investigation into Trump — and Pompeo's — Russia dalliances.
