

ELON MUSK'S MACHINE FOR FASCISM: A TALE OF THREE ELECTIONS

In 2016, far right trolls used Twitter's to hijack rational discussions about the election, contributing to Trump's win. In 2020, moderation and post-January 6 efforts thwarted a repeat performance, but only barely. Since then, Elon Musk attempted to restore the haven for far right trolls that Trump rode to the Presidency in 2016 and used to sow a coup in 2020.
