

WHY TRUMP BELIEVED HE COULD WITHHOLD THE JUNE 9 EMAIL: BECAUSE HE SUCCEEDED IN WITHHOLDING MOSCOW TRUMP TOWER ONES

In June 2017, when Donald Trump was trying to sustain a false story about the June 9 meeting by suggesting that if just one lawyer dealt with the matter, the email disproving that story would not be “leaked,” Alan Garten was ensuring that the email disproving Michael Cohen’s false story did not get turned over to Congress.

That’s why Trump thought he’d get away with the lie. Because he almost got away with it on the Trump Tower Moscow story.
