WHY DID GUCCIARDO PAY GIULIANI PARTNERS FOR HIS “LOAN” TO FRAUD GUARANTEE?

So, Parnas had to be careful about funds flowing through entities he controlled, because the Pues Family attorneys were watching carefully (and in fact pounced on the news of the America First Action donation) and Rudy had to be careful about not having the money go directly to him or his ex-wife would seek the funds. Shouldn’t Gucciardo have asked why the money didn’t just go to Fraud Guarantee? Shouldn’t he have asked why he had to divert funds to Rudy’s consultancy? This just doesn’t add up. Given his deep involvement with these same players, it seems much more likely Gucciardo understood the winks and nudges involved in getting funds to Giuliani in return for his “pro bono” representation of Donald Trump.
