

THE FOG OF OBAMAWAR IN HI-DEF 1080P

Today, David Cloud portrays the vignette of the cold, detached remote killing in the Afghanistan countryside. Tomorrow it will be open ground in the vicinity of Nogales, Ciudad Juarez, Tijuana or Key West. Hammers like this, once set in motion and cravenly unrestrained by the men in American political leadership and White House, always find more nails. Stay tuned, drone life and remote enforcement is coming to a city and town near you.
