

HENRY'S DATES: MEDICARE PART D

One of the reasons it was so unwise for Tony Fratto to open his big fat mouth today regarding the White House habit of losing emails is because it offered Waxman an excuse to make previously unreleased information—the dates for which White House email archives don't exist—publicly available. That allows us to discover neat coincidences, such as that all of OMB's emails disappeared for the period leading up to Bush's signing of the Medicare Part D bill.
