

# URNS OUT IT'S NOT MOOSE BURGERS...

... Governor Palin consumes.

Turns out it's moose lattes:

"Wonderful family," said Ben Harrell, who pours the governor her skinny white chocolate latte at the Mocha Moose in Wasilla.

Lattes?!?!? The woman masquerading as a wholesome small-town hockey mom drinks lattes?!?!? And not just any latte, but a "skinny white chocolate latte"?

Doesn't that kind of short circuit the Palin myth?
