

## **THREE THINGS: BOUNTIES, BOUNTIES, BOUNCE [UPDATE-1]**

There's an action item at the end of this post.  
It'll be more effort than Trump put into  
protecting our troops in Afghanistan from  
Taliban boosted by Russian secret bounties.

## **THREE THINGS: NUMBERS, HEARINGS AND RACIST CODE**

There's always more than three things to address  
but here's three we should look at more closely  
– Yesterday's COVID-19 oversight hearing, the  
data debacle in Tulsa, and racist facial  
recognition.

## **THE TUSSLE IN TULSA: A RETROSPECTIVE**

Trump's rally in Tulsa, Oklahoma yesterday  
didn't live up to my worries about violence or  
Trump campaign's expectations for turnout.

# **FRIDAY NIGHT HALF- ASSED MASSACRE: THE ATTEMPTED FIRING OF SDNY'S BERMAN**

A post to capture Attorney General Bill Barr's  
bizarre Friday evening attempt to firing  
Geoffrey Berman, U.S. Attorney for Southern  
District of New York

## **THREE THINGS: A FOR “ANTIFA”, B FOR BRUTALITY, C FOR COMMIT (MURDER)**

Law enforcement in this country is screwed up.  
It doesn't help matters that many Americans have  
been conditioned to see a vaporware bugbear as a  
threat and not the police who fail to protect  
and serve the public.

## **TANKS FOR THE MEMORIES**

U.S. military troops and resources have been  
deployed because Americans dared to exercise  
their First Amendment rights. This isn't like  
1992 but more like 1989.

## **THREE THINGS: LOADS OF BRICKS, WHITE CHICKS, MADE-UP SCHTICK**

So much manure, so few shovels. Here's three piles, have at it.

## **105,746**

How convenient for Trump that the media has been under fire for two days and unable to hold him accountable.

## **JUDGE EMMET SULLIVAN MAKES A SERIOUS HOLIDAY MOVE ON DOJ AND FLYNN**

I have expressed some qualms over Judge Sullivan naming John Gleeson as the court's amicus on the crazy Flynn situation. But today there is a new player on the pitch, Beth Wilkinson.

Judge Sullivan has engaged a hired gun.

Folks need to understand the Yoda like move Emmet Sullivan made in hiring Beth Wilkinson.

First off, she is an absolutely fantastic advocate and tough as hell.

Second, she has serious DOJ cred.

Third, she still has major friends at Paul Weiss, and that counts below the surface.

Fourth, Brett Kavanaugh may well owe his Supreme Court seat to her.

Fifth, her husband is David Gregory, the former NBC guy and now senior political guy at CNN. That is some media contact potential whether direct or indirect.

Also, again, she is really kick ass. Beth Wilkinson is a serious player, and a killer advocate. Judge Emmet Sullivan is not going quietly into the night. I actually thought that, given the short response time the DC Circuit ordered, Sullivan and his clerks might do the response themselves. Obviously they will still have major input, but this battle is joined, and in a very big way.

# **HOW TO (NOT) HYDROXYCHLOROQUINE COVID-19**

Given the last study results, there's simply no good reason for Trump's plugging hydroxychloroquine as a COVID-19 drug therapy except to harm and kill Americans.
