

PFIAB AND OVP

I'd like to point out a teeny detail in the report that Henry Waxman cites as his source that OVP isn't providing IS00 with information about OVP's classification and declassification activities:

PFIAB and OVP did not report data through the SF 311 to IS00 this year. This report, therefore, does not include any data from these two entities.

It was not just OVP that blew off IS00 in 2003.
