**Case No.: 3:15-mj-1170-J-JRK**  
**Page Two**

---

Based on Dr. Feldman's testimony and her November 13, 2015 report, the Court finds Defendant is presently suffering from a mental disease or defect rendering him mentally incompetent to the extent that he is unable to understand the nature and consequences of the proceedings against him or to assist properly in his defense, and is, therefore, not competent to stand trial at this time.

Government's oral motion for Defendant to undergo a sanity examination, with no objection from Defendant, is **GRANTED**.

The detention and preliminary hearings are continued until the issue of Defendant's competency has been resolved.

**Order to enter.**
